Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

Applicant has claimed a carrier device comprised of a plurality of analysis sites able to fix a chemical or biological reagent. The analysis sites are formed of microdishes hollowed out of the carrier to form a bottom, sidewalls, and edge area. The areas surrounding the microdishes are planar and made of hydrophobic material. The bottom of the microdish is made of a first hydrophilic material, while at least part of the side walls and edges is made from a second hydrophilic material. The first hydrophilic material is able to fix the reagent while the second hydrophilic material is not able to do so. This is shown in Figure 5. The Examiner considers the reference "Zaffaroni" to be the closest prior art. Zaffaroni teaches a plurality of hydrophilic sites surrounded by a hydrophobic field, but does not teach the use of ***two different hydrophilic materials*** in the wells.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The Examiner agrees with applicants assertion in the Letter submitted 12/09/04 that the previous statement of reason for allowance contained an error. The Examiner mistakenly used the term "hydrophobic" to describe the first and second materials in the

Art Unit: 1743

microdish when the term "hydrophilic" should have been used. The Examiner apologizes for the mistake and believes the Statement for Reasons for Allowance in this action properly reflects the reason why the claimed invention is allowable over the prior art.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dwayne K Handy whose telephone number is (571)-272-1259. The examiner can normally be reached on M-F 8:00-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jill Warden can be reached on (571)-272-1267. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
